TRAINING MANAGEMENT SYSTEM

RISK MANAGEMENT SOFTWARE

Cowden Limited is committed to excellence.

In addition to our professional Insurance Broking services, we provide innovative solutions for our clients to ensure they meet existing and future business needs in the area of Insurance and People Risk Management.

We maintain an up to date knowledge base in the areas of risk management and injury management practices. We constantly keep clients informed of changes, which may affect their company systems and processes.

Improving your businesses health and safety performance, leads to better business.

The benefits to your business in productivity and efficiency, will allow you to compete more successfully in your key marketplace.

This brochure outlines the key features included in our Training Management System developed by the risk team at Cowden Limited.

TRAINING MANAGEMENT SYSTEM

Training Manager © is a comprehensive training management software that enables you to drive effective employee training tracking & completion, empowering you to schedule and report on training with the click of a button.

It is an essential business function to properly manage training requirements within an organization. Training Manager© is an excellent tool to assist with compliance in both Occupational Safety & Health and Employment legislation.

The Training Manager© Software is a must have system for Safety & Human Resource professionals and incorporates the following functions;

- > **Centralise your organization's training data;**
- > **Streamline training set-up, scheduling & assignment;**
- > **Drive effective training tracking and completion;**
- > **Get complete visibility into training performance;**
- > **Reduce training costs;**
- > **Ensure regulatory compliance;(ISO:9001, ISO: 14001, AS/NZS: 4801)**

TRAINING MANAGEMENT SYSTEM

Cowden Limited strives for, and assists in, the continuous improvement of risk management practices with all our clients businesses.

Our Risk Advisor can assist clients with professional guidance on how to set-up and implement the Training Manager© System Risk Management Software.

Centralise Training Data;

Access, maintain and manage all of your training metrics in a singular location. Training Manager© database software allows you to all this in a secure software platform.

Streamline Training Information;

Using Training Manager© you can set-up an unlimited number of user groups based on job titles, roles, departments, facilities or locations and easily input and assign training requirements to the required groups.

Drive Effective Tracking & Completion;

Keep training requirements on track and drive their completion with automated system reminders for upcoming and overdue training.

Training Performance;

Improve your training tracking program with visible real-time insights. The Training Manager© software provides detailed and easy to view training performance reporting and metrics functionality .

Reduce Training Costs;

Eliminate wasted time, resources and money lost through inefficiencies in managing your organisation's employee training program through spreadsheets, paper, or other siloed systems.

Assists with Regulatory Compliance

Avoid compliance related penalties and fines, exceed training management requirements for both International and Australian Standards such as; (ISO: 9001, ISO: 14001 & AS/NZS: 4801.2001) and ensure 100% audit preparedness.

Product Add-ons:

Our IT department can expand on this application's capabilities by programming additional functions to meet your organisational or industry specific training requirements. Feel free to discuss your Training Management needs with our Risk Advisor today.
